

# Salop towing

## THULE XPRESS 970

The Thule Xpress 970 Bike Carrier is the only bike carrier of its type that has ISO approved towbar coupling. It can also carry 2 bikes and will fit most bike frames.

The rubber coated frame holders keep the bikes firmly in place and also protects the frames from scratches.

The product can be folded flat to allow for easy storage, and is in fact compact enough so that it can be kept in the boot of a car.
