

Witter ZX204 Cycle Carrier

ZX408 Towball Mounted Tilting 4 Bike Cycle Carrier

CYCLE CARRIER OVERVIEW

The ZX204 platform style cycle carrier from Witter takes up to four cycles of any size including a child's. The carrier clamps to a UK towball using an adjuster screw and extra security will be provided by securing straps.

MORE DETAILS

- Easy coupling which fits most towbars
- NEW cycle support arms fasten your bike safely to the cycle carrier
- Wheel handles on cycle support arms can be upgraded to lockable handles to secure cycles to the carrier
- Tilts with cycles loaded for easy access to the vehicle's boot
- The low platform makes it easy for cycles to be loaded and unloaded
- Adjustable wheel holders accommodate most cycle sizes
- Securing straps attached to the rear door will ensure your carrier and bikes are safe(not suitable for motorhomes as straps are required to be attached to the rear door) Supplied with light board and NEW 2in1 electric plug to accommodate both 7pin and 13pin sockets—no adaptor needed
- Carrier supplied assembled by Salop Towing
- Maximum payload – 60kg
- Maximum weight per cycle - 17kg
- Unladen weight - 16.0kg
- +700mm for ferry dimensions
